VRI speed control programming

\*Additional hardware or subscription required.  
\*\*Limitations based on field conditions.

## Valley ICON10 is the most advanced, user friendly pivot control panel ever made.

The simplicity of commands and intuitive graphical user interface makes operation effortless. Setting end guns, loading VRI prescriptions and creating programs has never been so easy.

AgSense ICON Link is included standard with all Valley ICON10 panels. If you are running BaseStation3, your panel will ship ready for simple integration into BaseStation3.

### Setting the Standard

Every Valley ICON10 control panel is equipped with:

- Customizable home screen
- GPS Position ready
- Auto reverse/Auto stop
- Patented Valley Cruise Control™

A consistent interface and access to real-time data is available across all of your devices from anywhere in the world.

#### MONITOR

Access real-time status of your pivot and other inputs.

#### CONTROL

Control your irrigation machine from your mobile device or desktop.

#### REPORT

Learn from your past with historical data in easy to read, customizable formats.
