

Car Park Barrier

NEW PRODUCT FROM INGAL CIVIL PRODUCTS

The New ZEE Park® TruckShield barrier system is an exciting evolution of the proven ZEE Park AS/NZS 1170.1 compliant car park barrier

ZEE Park® TruckShield has been tested to the requirements of AS1170.1 for medium traffic areas, and is suitable for freight terminals, logistics facilities, loading docks, or anywhere separation of heavy vehicles and pedestrians is required.

ZEE Park® TruckShield uses a heavier-duty version of the proven EZY Guard post profile, and is a high-strength semi-rigid system. Truck Shield is tested and designed to exceed the force prescribed under AS/NZS 1170.1 for medium traffic areas. This is achieved with only two anchors per post.

*ZEE Park® TruckShield is suitable
wherever high-containment
barriers are required*

Suitable For

- Freight terminals
- Logistics facilities
- Loading docks
- Anywhere separation of heavy vehicles and pedestrians is required

Features

- Easy installation
- Australian made
- Heavy duty car park barrier system
- Integrates easily with the Ingal range of car park barriers to create a complete solution
- AS/NZS 1170.1 rating

The ZEE Park® is designed to spring under light 'nudge' impacts, but predictably yield under severe impacts, preventing damage to the car park structure.
