

Ceedji, sophisticated and timeless...

A careful balance between negative space and solid forms give the design of this bracket a timeless presence and helps it fit seamlessly into the spirit of any project.

Ceedji can be installed on all types of 60mm mast tops. Steel, Aluminium, or Wood can all be used in combination with the Ceedji bracket.

The bracket itself is constructed from AISi7Mg Aluminium alloy. This range is designed according to standard EN40 part 1 to 6 and has obtained CE marking 1166-CPD-0006.
